

Managing Your Saved Cards

Saving Your Card Details

Card information saved in your account is encrypted and not visible to noon or any third party. Cards are saved only to make checkout faster and more convenient. You can delete your saved card details at any time.

Adding a New Card

Any card you use during checkout will automatically be saved to your account for future purchases.

Deleting a Saved Card

- Log in to your noon account.
- Go to your **profile** and open the **Payment section**.
- Find the card you want to remove, click the **three dots** next to it, and select **Delete**.
