

How noon Processes Refunds

Card Payments

If you paid using a credit or debit card, your refund will be returned to your original payment method. Refunds typically take 5–7 business days, depending on your bank.

Cash Payments

- Refunds for cash-paid orders are added to your noon Credits balance.
 - If the refund amount is more than EGP 200, you may request to have it be transferred to your bank account.
-

Wallet Credits

- Your noon Wallet is credited only through refunds.
 - You can use this balance to pay for future orders or combine it with COD or card payment if the wallet amount is not enough.
-

EMI/Installment Payments

- If you paid using a Credit Card EMI option, your refund will be issued to your card.
- Your bank may continue to charge the monthly installment amount until you contact them to cancel or adjust the plan.
- Banks manage installment plans independently, and noon cannot cancel or modify EMI arrangements on your behalf.
