

Where to Find the Delivery Date for an Item

You can view the estimated delivery date for an item before and after placing your order.

Before Placing Your Order

The estimated delivery date appears on:

- The product page
- Your cart
- The checkout page

These estimates are based on your location, the item type, and its delivery eligibility.

After Placing Your Order

- Once your order is created, you can find the delivery date in the **Orders** tab of your noon account.
- This page shows your order timeline and updates as your shipment progresses.
