

Delivery Options at noon

noon offers a variety of delivery services designed to match your speed, convenience, and budget needs. Delivery availability depends on the item, seller, and your location. You'll always see the available delivery options on the product page and at checkout.

Express: noon Express items are stocked, packed, and shipped directly by noon.

This ensures faster and more reliable delivery.

You can spot these items easily by looking for the noon Express label on the product page.

Same-day & Next-day Delivery: These options are available only for eligible Express items and select cities.

The available option (same-day or next-day) will appear at checkout.

Delivery fees may vary based on the service and your location.

These services ensure your order reaches you within hours or by the next day.

Always refer to the Product and checkout page for delivery options
